Make your payroll processes simple, accurate and effective today

Unit4 HCM is an integrated and intuitive suite of capabilities built to help people-centric organizations unleash talent and strategy with agility, improve employee retention, and adapt at speed.

What if you could make payroll a time-saving “self-driving” process? A process that automatically gives you complete control over payroll information and a clear overview of your payroll position using graphic dashboards. With Unit4 HCM Payroll, everything is kept in one accessible place, improving efficiency and saving you time.

Key capabilities

- Precise pay, benefits and deductions arrangements relating to each employee are readily available
- Create distinct pay structures with complete payroll configuration
- Define employees by positions with simplified payroll administration
- Payroll dashboard for insights into the process and the exceptions
- Link General Ledger analysis to different positions

Unit4 HCM Payroll

Agile, effective and engaging

Everything in one place

Put all your payroll information – current, past and future – at your fingertips with our streamlined interface. Initiate and manage every single aspect of your payroll process from within a single dashboard.

Fully automate processes

Automate your payroll process to save time and create a better People Experience with a completely configurable and self-driving payroll system. When payroll starts is entirely up to you and is wholly automated, leaving you to focus on the exceptions.

More control

You can quickly and easily configure your system in real-time to suit your needs. Direct insight into all details and data gives you the ability to make quick reference checks or comparisons instantly. Drill down to any user level, whether it is a payroll consultant, department manager, or financial controller.

Seamless data integration

Integrating HR data with payroll and other financial metrics helps improve payroll processing efficiency while helping you meet your legal and regulatory obligations in the countries you operate. At the same time, it offers your employees a seamless hire-to-retain experience.
