Cloud Welcome Sessions

Level: Any

Time: 11:00 – 11:30

Repeated: 11:30 – 12:00

Instructor: Erick Bos

Join us for a mini breakout of your choice in industry and product groups where our Centers of Excellence will welcome you to Connect. This is your chance to get to know our experts and your peers in the Unit4 community who are in similar industries or using the same products. Our Centers of Excellence are excited to meet you and these welcome sessions will help you set the tone for what you can expect to get out of your Connect experience. We've created this space for you to make the connections you need to get the most of your time here.

Course: Unit4 Prevero Welcome Session

Level: Any

Time: 11:00 – 11:30

Repeated: 11:30 – 12:00

Instructor: Matthias Thurner & Sascha Alber

The Unit4 Cloud: Leveraging Microsoft Azure

Level: Intermediate

Time: 13:30 – 14:30

Instructor: Erick Bos & Marco van der Kooij

Why has Unit4 chosen Microsoft not only as a cloud platform but also as a foundation for new solutions like Wanda and Identity Services? How does that help me as a customer and what innovations can I expect in near future? This session will give a heads up on where Unit4 is and will take you 12 months further down the road with a peek into upcoming innovations leveraging Microsoft Azure Services.

Center of Excellence: The State of Professional Services – Driving Operational Excellence

Level: Any

Time: 13:30 – 14:30

Instructor: Bas van Woudenberg

Our view of the Professional Services industry - illustrating trends, challenges, business drivers and the value we bring to market.

Center of Excellence: The State of the Public Sector

Level: Any

Time: 14:45 – 15:45

Instructor: Henk Jan Onstwedder

This session will provide an overview of the Public Sector; illustrating trends, challenges, business drivers and the value we bring to market.

Learnings and Preparations to Migrate in Cloud

Level: Intermediate

Time: 14:45 – 15:45

Instructor: Erick Bos

What do you need to know upfront and prepare for when migrating into the cloud? What choices need to be made and what are the practical consequences of these choices? This session is about giving tangible, ready to use information about migrating into the cloud.

Center of Excellence: The State of Corporate Performance Management in the Market & Unit4 Prevero

Level: Any

Time: 16:00 – 17:00

Instructors: Sacha Alber & Matthias Turner

An update on the value framework for Unit4 Prevero and our view of the Corporate Performance management market; looking at the complete offering and the business results we are driving and how they are being underpinned all the way from technology

platform, product portfolio capabilities, packaged best practice in the shape of value accelerators, delivery methodologies and KPIs to measure the results.

Introducing Unit4 Talent Management powered by TalentQuest
Level: Any
Time: 11:00 – 12:00
Instructor: Kevin Sessions & Jeff Baumohl

Employees are every organization's most important asset.

With new workplace trends emerging each day, organizations need tools to make the best talent decisions. Unit4 uniquely empowers organizations to drive better outcomes through their people by blending Talent Management software with Behavioral Science. In this session, we will demonstrate how Unit4 Talent Management provides organizations with the precise know-how to best hire, manage, coach, and develop their people. Please join us for an overview of our newest offering including Applicant Tracking, Performance Management, Succession Planning, Learning Management, Talent Insights, and much more.

Cloud Security and Compliance
Level: Intermediate
Time: 12:30 – 13:30
Instructor: Erick Bos

How does Unit4 secure my data using Microsoft Azure? What are the differences between having data on-premises? These are questions answered in this workshop. As privacy and security get more important by the day due to hackers trying to get into systems using ransomware, phishing and ways of gaining access... what do you as a company need to do and how is that arranged in the Unit4 cloud?

CONNECT FEATURE!

Make Budgeting Great Again
Level: Any
Time: 12:30 – 13:30
Instructor: Allan May & Philip Magnus

How does Unit4 secure my data using Microsoft Azure? What are the differences between having data on-premises? These are questions answered in this workshop. As privacy and security get more important by the day due to hackers trying to get into systems using ransomware, phishing and ways of gaining access... what do you as a company need to do and how is that arranged in the Unit4 cloud?

CONNECT FEATURE!

Tax Compliance in a Global Marketplace
Level: Any
Time: 12:30 – 13:30
Instructor: Alex DeBlois

In this session you will get an overview of the current tax compliance landscape in the US and EMEA. We will review current legislation and compliance issues for merchants with customers and sales in the US, specifically in regards to the changes currently happening as a result of Wayfair vs. South Dakota. The remainder of the session will focus similarly on current trends/requirements in EMEA related to VAT determination and VAT reporting.
